Event Tables (Kingdom Death Style)

Penance: Absolution Through Steel

Version: 2.0 **Last Updated:** October 11, 2025

Event System Overview

Kingdom Death Inspiration

Like Kingdom Death: Monster, Penance uses **departure** and **arrival** event tables rolled with **2d6 dice**.

Double rolls (11, 22, 33, 44, 55, 66) trigger **catastrophic or legendary events**.

When to Roll

DEPARTURE EVENTS (Before Mission): - Roll 2d6 before leaving settlement - Read result as two separate digits (roll of 3 and 4 = "34" not "7") - Resolve event before deploying to mission

ARRIVAL EVENTS (After Mission): - Roll 2d6 after returning from mission - Only roll if mission was completed (survivors returned) - Resolve event during Settlement Phase

DEPARTURE EVENT TABLE (2d6)
